Unassigned Vehicles (Admin)

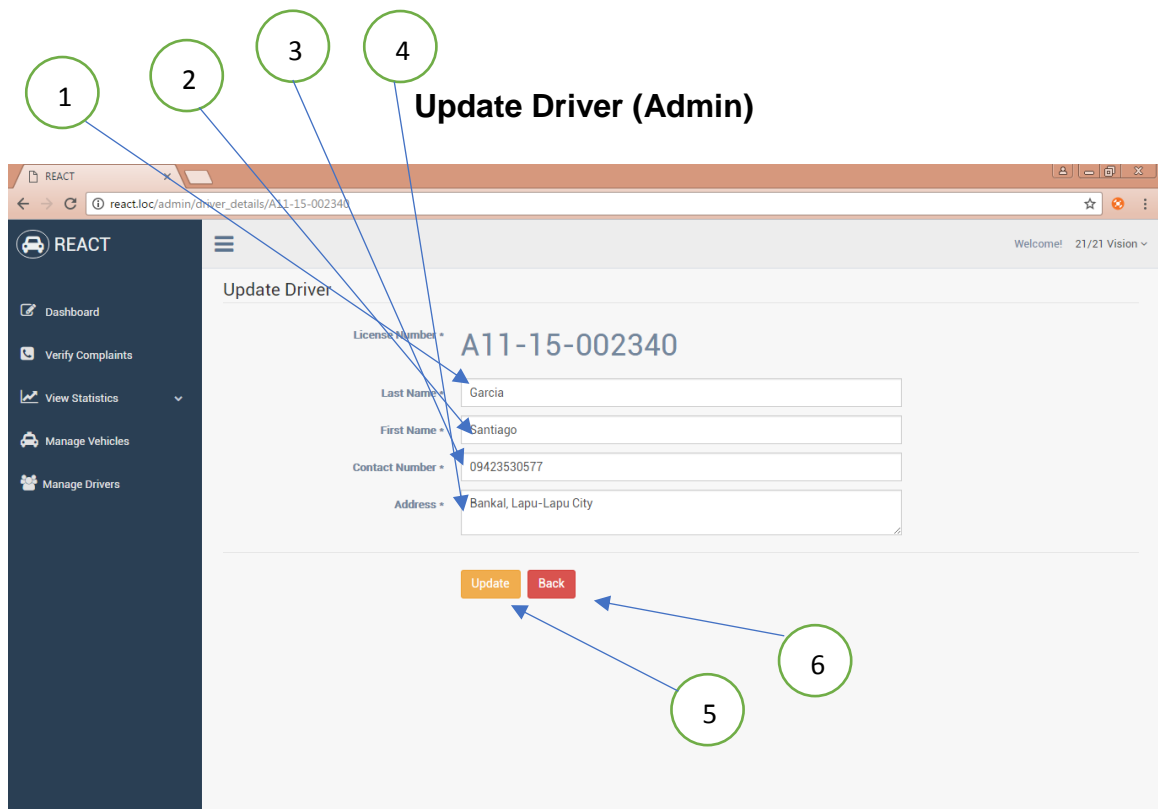

The screenshot shows a web application interface for managing unassigned vehicles. The left sidebar contains navigation links: REACT, Dashboard, Verify Complaints, View Statistics, Manage Vehicles, and Manage Drivers. The main content area is titled 'Unassigned Vehicles' and includes a table of vehicles, a search bar, and an 'Add Vehicle' button. The table has columns for Plate Number, Type, Active status, and Action. The 'Action' column contains green plus and red minus icons. A 'Choose a driver' dropdown menu is visible, showing 'Garcia'. Below the table, there are pagination controls: 'Showing 1 to 5 of 5 entries', 'Previous', and 'Next'. Four numbered callouts (1, 2, 3, 4) are overlaid on the interface: Callout 1 points to the 'Assign' button, Callout 2 points to the 'Beck' button, Callout 3 points to the 'Choose a driver' dropdown, and Callout 4 points to the green plus icon in the 'Action' column of the first row.
